N. 5

Dr Sir,

In returning from Washington last spring, Dr. Sewall gave me the enclosed letter of introduction to you - but it being on Sunday when I passed through the city, I did not deliver it. ^{I avail myself of} Having an opportunity ^{now} of sending some gentle reminder by your brother May or Benhe^{and}, if you will do me a favour if you will analyze it as soon as practicable, and send me the result. I am about

publishing a volume of experiments and observations, and will be glad to get your analysis before it goes to press, which will be in the course of three or four weeks. By giving your immediate attention to this subject you will greatly oblige me, and confer a benefit on the cause of science.

Yrs Respectfully

Wm Brewster.

W. Brewster to me at this place.
